

BATHROOM ACCESSORIES

SEALSKIN

BATHROOM ACCESSORIES

The bathroom is a place of comfort, enjoyment and well-being. The place where you prepare for a working day. A place where your body and mind can unwind, or where you get ready for a long night out. Or just to brush your teeth.

At Sealskin we want to give you the best bathroom experience possible when it comes to style, design and function. In this catalogue we would like to take you into this experience and show you all our products from soap dispensers to bath mats and shower curtains in different materials.

For our new collection of bathroom accessories we kept a close eye on the latest interior design trends. Based on in-depth trend analysis in the field of interior design and various mood boards, we have made a choice for the new colour palette and shape language of the new Sealskin Bathroom Accessories collection.

A variety of materials such as wood, bamboo, glass, ceramic but also terrazzo in combination With natural green and nude colours formed the basis of the collection. Also the minimalistic, the botanical garden and still the industrial look are a common thread through the new products.

The beauty of the collection is that it has been developed in a way that different series from both new and existing ranges can be effortlessly combined. This not only creates a playful effect, but gives customers and consumers the chance to choose products that exactly suit their taste and style. It also gives you the opportunity to create your own atmosphere Within the most personal space in your home.

We hope you enjoy the Sealskin Bathroom Accessories collection.
